

model 7555

Dust-Proof Personal Emergency Eyewash Station

## FEATURES & BENEFITS

### DUST PROTECTION

Tightly-sealed durable enclosure protects eyewashes from dust and debris, keeping bottles clean and hygienic in dirty environments.

### IMMEDIATE FLUSHING

The eyewashes provide immediate flushing fluid while the injured person is en route to a primary emergency station.

### DUAL EYE PROTECTION

With two ergonomic streams, the DUO eyewash provides simultaneous eye coverage allowing both eyes to be treated with an advanced rinse process for supplementary flushing support.

### STERILE SALINE EFFECTIVENESS

The sterile sodium chloride Saline solution rinses the eyes to reduce the risk of severe injury caused by chemicals or particulate contamination.

### ANSI COMPLIANCE

ANSI compliant for supplemental equipment. Reference ANSI Z358.1 Supplemental Equipment/Personal Wash Units (Section 8.1).

### MOUNTING

Wall-mounted dust-proof enclosure is easily installed close to a potential hazard. Mounting hardware included.

## OPTIONS

For more information, visit [www.hawsc.com](http://www.hawsc.com) or call (888) 640-4297.

## SPECIFICATIONS

Model 7555 is a wall-mounted, dust-proof, dual bottle personal eyewash station that includes two 1000 ml (33.8 fl oz) sterile Saline solution bottle in a tightly-sealed enclosure. Recommended wash time is 5 minutes. Includes visual assistance mirror. Fluid carries a 3 year shelf life. Store at room temperature 41-95° F (5-35° C).

## APPLICATIONS

Haws Personal Emergency Eyewashes are for use when dirt, dust or other contaminants come into contact with the eyes. Ideal for quick access to first aid in case of eye injury. Mounted at the immediate point of need, this personal eyewash will provide immediate flushing until a primary station can be reached.
