

model 3620

Modular Outdoor Double Bottle Filler

FEATURES & BENEFITS

BARRIER-FREE

Barrier-free capabilities combined with its ease of use allows for a number of installation location possibilities.

PUSH BUTTON VALVE

The push-button activated valve offers the 'only' all stainless steel valve body that is machined out of solid bar stock, is fully serviceable through the front of the push button assembly offering access to the water control cartridge and integral water supply strainer, and with front access to the water stream height adjustment for easy maintenance without having to remove the valve. Operating pressure range of 30 to 90 psi (2.1 to 6.2 bar).

BOTTLE FILLER

Hydration made easy with an industry leading 17" bottle area opening to allow more users access to this push button operated bottle filling station.

MODULAR CONFIGURATION

Bottle filler, drinking fountain, dog bowl and/or hose bib can be re-positioned, added or removed on site at any time. Side arm(s) can be placed high or low within its opening, and valve button position can be placed in any direction.
