

model 7543

Personal Emergency Eyewash Station

FEATURES & BENEFITS

IMMEDIATE FLUSHING

The eyewashes provide immediate flushing fluid while the injured person is en route to a primary emergency station.

DUAL EYE PROTECTION

With two ergonomic streams, the DUO eyewash provides simultaneous eye coverage allowing both eyes to be treated with an advanced rinse process for supplementary flushing support.

STERILE SALINE EFFECTIVENESS

The sterile sodium chloride Saline solution rinses the eyes to reduce the risk of severe injury caused by chemicals or particulate contamination.

ANSI COMPLIANCE

ANSI compliant for supplemental equipment. Reference ANSI Z358.1 Supplemental Equipment/Personal Wash Units (Section 8.1).

MOUNTING

Wall-mounted design allows for flexible placement next to the potential hazard. Includes one wall hook for easy installation, and wall-mounted sign with universal language for placement in any situation.

OPTIONS

For more information, visit www.hawasco.com or call (888) 640-4297.

SPECIFICATIONS

Model 7543 is a wall-mounted, single bottle personal eyewash station that includes one 1000 ml (33.8 fl oz) sterile Saline solution bottle. Includes an instructional wall sign. Recommended wash time is 5 minutes. Fluid carries a 3 year shelf life. Store at room temperature 41-95° F (5-35° C).

APPLICATIONS

Haws Personal Emergency eyewashes are for use when dirt, dust or other contaminants come into contact with the eyes. Ideal for quick access to first aid in case of eye injury. Mounted at the immediate point of need, this personal eyewash will provide immediate flushing until a primary station can be reached.
