$\mathsf{model}\,\mathbf{3121FR}$

Outdoor Vandal-Resistant Freeze-Resistant Concrete Pedestal Fountain

FEATURES & BENEFITS

CONSTRUCTION

Heavy-duty wire reinforced concrete construction with exposed aggregate finish provide a perfect addition to outside environments, along with a vandal-resistant access plate for added peace of mind. Stainless steel basin with a high-polished finish compliments almost any setting, and it also resists stains and corrosion.

VANDAL RESISTANT

The bubbler head, push button, drain strainer and access plate are locked in place, discouraging unwanted vandal tampering.

FREEZE-RESISTANT VALVE

Fully-engineered system with the pneumatic-operated, freezeresistant valve installed below frost line to drain water to non-freezing depth allowing fountain to function year round. Assembly can be lifted to surface and lowered back into casing for easy maintenance without disturbing the fountain.

BUBBLER HEAD

Polished chrome-plated brass bubbler head with integral basin shank for added strength. Shielded, angled stream opening provides a steady, sanitary source of drinking water at .45 gpm.

DRAIN CLEAN-OUT

Top-down access to the drain allows the fountain portion to be cleaned without taking the unit apart, good for outdoor settings with drain-clogging sediment such as leaves, garbage, and other debris.

OPTIONS

 Concrete Step : Model 6620, matching square concrete step for square concrete pedestals, 10" (25.4 cm) high.

SPECIFICATIONS

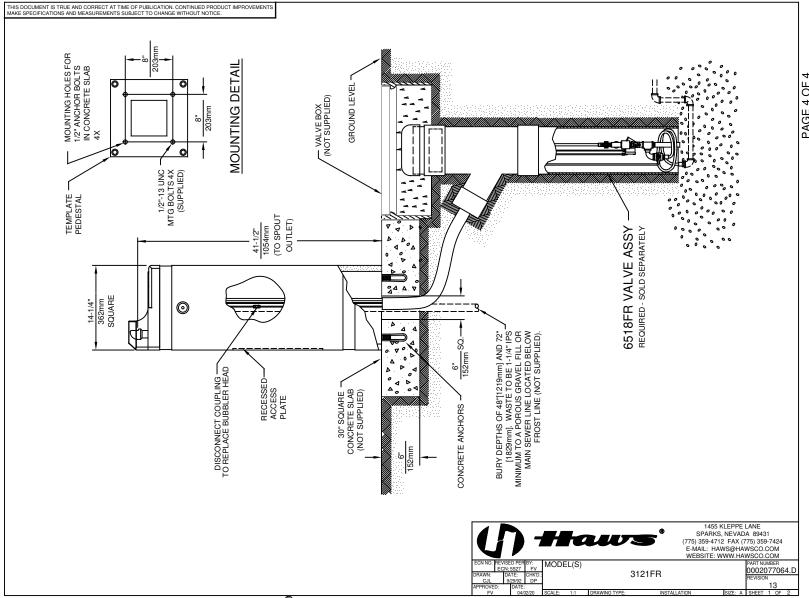

Model 3121FR vandal-resistant freeze-resistant square concrete pedestal drinking fountain shall include a polished stainless steel basin, polished chrome-plated brass push-button, polished chrome-plated brass vandal-resistant bubbler head protected by a hood extension, polished chrome-plated brass vandal-resistant waste strainer with top-down clean-out access, Portland Gray exposed aggregate concrete finish with wire reinforcement, integral mounting feet, vandal-resistant stainless steel access plate, and 1-1/4" O.D. tailpiece.

REQUIRES MODELS 3121FR & 6518FR ORDERED SEPARATELY. (Consult with the local authority having jurisdiction before installation in order to determine if any additional regulations or requirements may apply)

APPLICATIONS

Perfect for either public or private settings, our concrete vibra-cast series is a great fit in "open-air" environments. Suitable in areas where weather conditions may be cause for concern, this series stands strong in harsh environments. Wire reinforced concrete design not only protects from corrosion, its Portland Gray color makes it recognizable enough to locate without compromising the outdoor atmosphere. This type of pedestal drinking fountain may also be placed in a variety of settings such as: parks, schools, and other recreational outdoor environments where the temperature may drop into freezing conditions. Haws manufactures drinking fountains, faucets and electric water coolers to be lead-free by all known definitions including NSF/ANSI/CAN 61-Section 9, NSF/ANSI/CAN 372, California Proposition 65, and the Federal Safe Drinking Water Act. Product is compliant to California Health and Safety Code 116875 (AB 1953-2006), and 116876 (AB 100) "NSF/ANSI/CAN 61: Q \leq 1".
