

ESTETICA CONVERTIBLE BOTTOM LOAD/POU WATER COOLER

For those wanting reliability, efficiency, and a sleek and sophisticated design, look no further than the Estetica Convertible Cooler. This cooler gives you the flexibility to choose what's best for your customers. Connect directly to a water line and use as a POU cooler. Or take advantage of its convenient bottom-load access to use as a standard bottle cooler. The Estetica's contemporary, state of art design, fits into any home or office decor. Its system includes food-grade stainless steel waterways, high quality and efficient compressor, and an attractive aesthetic.

Features:

- Flexible convertible design: use as a POU or bottled water cooler
- Bottom load, no lifting heavy bottles
- Hot, cold, and room temp from a single dispense point
- Polymer cabinet won't rust or scratch the floor
- Indicator lights for power, heating, cooling and empty bottle
- Stainless steel reservoir
- Handle on back for easy transport and placement
- Extra high 11" dispense height makes it easy to fill large sports bottles
- Removable drip tray
- Lighted alcove illuminates dispensing area
- All parts provided to easily switch from POU to bottled water supply
- Supplied with filter mounting bracket on condenser (filter not supplied)
- Auxiliary water port allows connection to other devices
- CSA Listed
- Energy Star Certified
- 3 years Limited Warranty

Cabinet:

High impact polymer cabinet.

Cold Water Refrigeration Unit:

Convection cooled condenser. Internal, spring mounted, hermetically sealed compressor with automatic overload protector requires no lubrication. Refrigerant is controlled by a capillary tube.

Cold Water Temperature

Temperature is controlled by an adjustable thermostat and is easily accessible on the rear of the unit.

Cold Water Reservoir:

Type 300 series stainless steel with external refrigerant coil. Molded reservoir insulation is expanded bead polystyrene.

One-Piece Hot Water Tank:

500 watt heating element for fast, and efficient heating. Hot tank is a type 300 series stainless steel

Hot Water Capacity

42 x 6 oz. cups of piping hot water per hour. 1 quart storage tank

Hot Water Thermostat:

Fixed thermostat with safety limiter.

Hot Water Safety Faucet:

Self-closing activation requires a two-step action that is easy for adults to use but protects small children.

Drip Receptor:

Durable 2-piece drip tray lifts out for easy cleaning.

Electrical:

115 volts, 60 hertz. 1/12 hp water cooler compressor. Three wire service cord & polarized plug.

Certifications:

Model listed by Canadian Standards Association (CSA) to UL U.S. and Canadian Standards. Energy Star and NSF Certified.

Warranty:

Limited 3-year warranty (within the Continental Limits of the U.S. and Canada). Three years on the sealed refrigeration system, one year on most component parts. Detailed warranty certificate enclosed with each cooler; sample copy available upon request.
