

Oasis® Dehumidifier

Convenient - Long lasting - Dependable Performance

Great for commercial and residential use - Oasis Dehumidifiers are one of the most durable dehumidifiers on the market.

Designed to safeguard people, places and good from potentially damaging high-humidity conditions. These heavy-duty dehumidifiers extract maximum moisture from the air, providing a drier, healthier, more even-temperature environment.

Functional Design

Stain resistant, grey-stone, vinyl-on steel laminate with ABS impact-resistant grille, facilitates free airflow

Frost-Free System

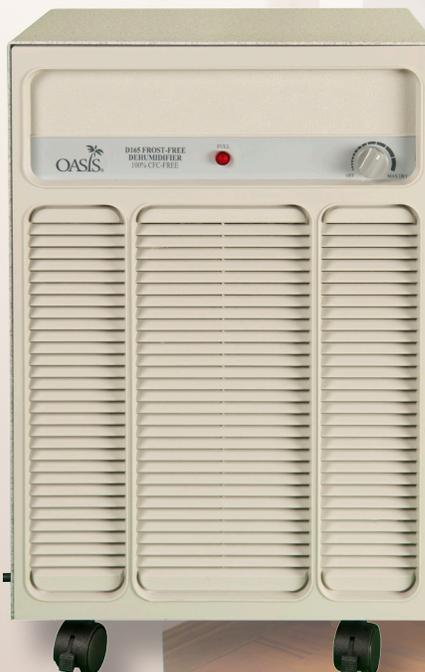

Frost prevention system enables operation in ambient temperature as low as 43°F

Automatic Humidistat Control

Dial-controlled, adjustable humidistat automatically turns unit on or off at pre-selected moisture levels

Continuous Moisture Removal

Drip tray has threaded fitting for garden hose to funnel into floor drain

Oasis® Dehumidifier

Portable - Compact- Functional

Long lasting and extremely durable, Oasis dehumidifiers provide automatic, hassle-free, high-capacity moisture removal.

Standard Features:

- Frost-free system prevents frost build-up on the evaporator coil on low ambient temperatures
- Sealed refrigeration systems plug into standard electrical outlets
- Automatic humidistat control for continuous moisture removal
- Heavy-duty vinyl coated steel cabinet protects from stains
- Simplified water extraction with hose-to-drain connection
- Side pocket handles for easy mobility
- Automatic shut-off float

Specifications:

Model No.	D-165HG GST
Weight	51.8 lbs
Dimesions	23.8" H x 15" W x 14.3" D
Operating Temp. Range	43° - 109° F
Performance (gallons of water/24hours)	7.2 gallons at 86° F, 80% relative humidity 4.4 gallons at 82° F, 60% relative humidity 2.5 gallons at 68° F, 60% relative humidity 2.1 gallons at 50° F, 70% relative humidity
Max. Room Volume	15.890 cubic feet
Refrigerant	R134a
Refrigerant Charge	0.8 lbs
Air Flow	300 cubic feet per minute
Air Filter	Washable PP mesh
Power Consumption	480 Watts
Noise	59.8 dB(A)
Defrost System	Hot Gas Valve
Wheels	0.25" x 2" swivel casters (2 wheels with lock)
Drainage system	2.2 gallon receptor with overflow protection
Made in Poland
